

Littleton Explorers Weekly Learning

Letter Date: 27th September

Our Learning Journey

Littleton Explorers have been very busy this week, exploring all of the activities in nursery. We have enjoyed looking at the Autumn items that children brought in.

Explorers have done some fantastic stretching of their learning stars, thinking about their emotions and what makes them special. The children have been making lots of good choices.

Next week we are going to be sharing stories about kindness and caring for each other.

Parents in Partnership

Next week the photographer will be in to take individual photos of the children on Monday 2nd October

Star Learner

This week's star learner is Poppy for being a fantastic Littleton Explorer and being in charge of her learning.

Our week in pictures
