Our Learning Journey

We have had the most wonderful week of learning. We started off my having a South African Day on Monday where we had the opportunity to taste lots of different South African food. We loved trying the bobotie and koeksisters. We also tried mango and biltong. A BIG THANK YOU to Mrs Haydon for cooking. We are very lucky to have you.

We also enjoyed seeing photographs from South Africa particularly of the animals.

In Art we made a South African sunset which looks very effective. We can't wait to share them with you.

In Geography we continued our learning on the continents and researched key facts about each one.

In Maths we have been learning about column addition and subtraction.

Focus on Phonics/Spelling

This week we have been learning how to spell the tricky words could, should, would. It was good to hear so much positive feedback about the change from spellings to dictations during Parents Evening.

Star Learners

All of Kingfisher Class
for trying new and
different foods. Well
done!

Parents in Partnership

Thank you to everyone who came to Parents Evening this week. I just wanted to say again how proud I am of all the children. They are making excellent progress.
