

Littleton Explorers Weekly Learning

Letter Date: 9th March

Our Learning Journey

Last week the children all enjoyed the snowy weather. They had great fun exploring the snow in our nursery garden and on the school field with year 2.

The children have shown an interest in transport and vehicles. To support this we have been including transport in our continuous provision. This week we have shared the story 'The Train Ride', the children made their own pages for our class version, drawing pictures to show what they have seen out of a train window. Using blocks and planks we made ramps to experiment with how the cars moved. The children also enjoyed exploring cars in the paint.

Parents in Partnership

Forest School is Wednesday 14th March. Children will need to bring in waterproof clothing, wellies, a change of clothes and a change of shoes. We do go to forest school in all weathers.

We are making an airport role play so if you have any old bag or suitcases they would be greatly appreciated.

Star Learner

This week's star learner is Elwood for coming into nursery so well and for trying hard to be an independent learner.

Our week in pictures
