

# Littleton Explorers Weekly Learning

Letter      Date: 21<sup>st</sup> September

## Our Learning Journey

This week the children have continued to explore and have been getting to know their surroundings.

The children have been looking closely at their faces and painting self-portraits. We have been sharing the story Dear Zoo and the children have begun to retell the story using props. On Tuesday the children really enjoyed helping Mrs Lissenden to make the playdough, helping to measure and mix the ingredients.

The children have been very interested in conkers, looking at their shape, size, and colour and talking about where they come from.

## Parents in Partnership

Please make sure that any data forms are returned to the office and that we have an email address for registering parent mail.

## Star Learner

This week's star learner is Robyn for showing great care for others. Well done

Robyn
