

Littleton Explorers Weekly Learning

Letter Date: 5th October

Our Learning Journey

This week Littleton Explorers have been exploring the school and looking around the library bus.

The children explored paint and glitter with their hands and made some fabulous hand prints. We talked about having kind hands and how to have kind hands around nursery.

The children have enjoyed looking at autumn leaves and have used them in their creative learning. .

Parents in Partnership

The children are really enjoying the autumn resources. If you find any leaves, conkers, acorns or twigs, please feel free to bring them in.

Star Learner

This week's star learner is Stone, for settling in to nursery so well and being very kind to his friends.
