

Swan Class Weekly Learning Letter

Date: 5th October 2018

Our Learning Journey

This week in Swan Class we have been learning how to learn in every part of our classroom. We have been writing labels for our models and have been inspired to turn our outdoor role-play area into Legoland! It has been great fun exploring colours and what happens when we mix them. We have also been thinking about places and people who are special to us. As autumn is well underway we have been exploring the changes we can see.

Parents in Partnership

We have really enjoyed making models from recycling. Please could you bring in any clean recyclables such as bottles, boxes and yoghurt pots. Thank you for your continued support.

Star Learners

Danny for showing great enthusiasm towards writing.

Theo for having an eagerness to learn.

Our Week in Pictures
