Date: 9th November 2018

### Our Learning Journey

We have had the most wonderful week of learning. We started off my having a South African Day on Monday where we had the opportunity to taste lots of different South African food. It was lovely to have Mrs Haydon visit us for the morning. She cooked bobotie and koeksisters which the children thoroughly enjoyed. We also tried mango and biltong. Mrs Scott also brought in South African sweets which were similar to marshmallows and cooked mielie pap and milktert. They were delicious! Thank you very much.

In English we wrote a letter to a South African child about what life is like living in the UK.

In Geography we continued our learning on the continents and researched key facts about each one.

In Maths we have been learning how to add a two digit and a one digit number. We also learned how to add two two digit numbers.

### Focus on Phonics/Spelling

This week we have been learning how to spell the tricky words could, should, would. Next week we will be learning about the homophones to/too/two.

### Parents in Partnership

Thank you to everyone who came to Parents Evening this week. I just wanted to say again how proud I am of all the children. They are making excellent progress.
